Abbas Amanat

The Coding Manual for Qualitative Researchers Johnny Saldana, 2012-10-04 The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: -describes how coding initiates qualitative data analysis -demonstrates the writing of analytic memos -discusses available analytic software -suggests how best to use *The Coding Manual for Qualitative Researchers* for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

Dark Towers David Enrich, 2020-02-18 #1 WALL STREET JOURNAL BESTSELLER * NEW YORK TIMES BESTSELLER New York Times finance editor David Enrich's explosive exposé of the most scandalous bank in the world, revealing its shadowy ties to Donald Trump, Putin's Russia, and Nazi Germany "A jaw-dropping financial thriller" —Philadelphia Inquirer On a rainy Sunday in 2014, a senior executive at Deutsche Bank was found hanging in his London apartment. Bill Broeksmit had helped build the 150-year-old financial institution into a global colossus, and his sudden death was a mystery, made more so by the bank's efforts to deter investigation. Broeksmit, it turned out, was a man who knew too much. In *Dark Towers*, award-winning journalist David Enrich reveals the truth about Deutsche Bank and its epic path of devastation. Tracing the bank's history back to its propping up of a default-prone American developer in the 1880s, helping the Nazis build Auschwitz, and wooing Eastern Bloc authoritarians, he shows how in the 1990s, via a succession of hard-charging executives, Deutsche made a fateful decision to pursue Wall Street riches, often at the expense of ethics and the law. Soon, the bank was manipulating markets, violating international sanctions to aid terrorist regimes, scamming investors, defrauding regulators, and laundering money for Russian oligarchs. Ever desperate for an American foothold, Deutsche also started doing business with a self-promoting real estate magnate nearly every other bank in the world deemed too dangerous to touch: Donald Trump. Over the next twenty years, Deutsche executives loaned billions to Trump, the Kushner family, and an array of scandal-tarred clients, including convicted sex offender Jeffrey Epstein. *Dark Towers* is the never-before-told saga of how

Deutsche Bank became the global face of financial recklessness and criminality—the corporate equivalent of a weapon of mass destruction. It is also the story of a man who was consumed by fear of what he’d seen at the bank—and his son’s obsessive search for the secrets he kept.

The Clozapine Handbook Jonathan M. Meyer, Stephen M. Stahl, 2019-05-16 Real-world and clinical trial data support that clozapine is the only effective antipsychotic for treatment resistant schizophrenia and other severe mental illnesses. Clozapine also reduces rates of suicidality, psychiatric hospitalization and all-cause mortality. However, clozapine is underutilized for two reasons: misunderstandings of its efficacy benefits and misapprehension of, limited knowledge or misinformation about the management of treatment related risks and adverse effects. In response to worldwide efforts to promote clozapine use, this user-friendly Handbook provides clinicians with evidence-based approaches for patient management, as well as logical approaches to the management of clinical situations and adverse effects. It outlines clearly the rationale for specific management decisions and prioritises the options based on this logic. This Handbook is designed for use by clinicians worldwide and is essential reading for all mental health care professionals.

Power in Close Relationships Christopher R. Agnew, Jennifer J. Harman, 2019-02-28 An outline of how power, an inherent feature of social interactions, operates and affects close relationships.

Pirates of Empire Stefan Eklöf Amirell, 2019-08-29 This comparative study of piracy and maritime violence provides a fresh understanding of European overseas expansion and colonisation in Asia. This title is also available as Open Access on Cambridge Core.

Managing Chronicity in Unequal States Laura Montesi, Melania Calestani, 2021-11-22 By portraying the circumstances of people living with chronic conditions in radically different contexts, from Alzheimer’s patients in the UK to homeless people with psychiatric disorders in India, *Managing Chronicity in Unequal States* offers glimpses of what dealing with medically complex conditions in stratified societies means. While in some places the state regulates and intrudes on the most intimate aspects of chronic living, in others it is utterly and criminally absent. Either way, it is a present/absent actor that deeply conditions people’s opportunities and strategies of care. This book explores how individuals, groups and communities navigate uncertain and unequal healthcare systems, in which inherent moral judgements on human worth have long-lasting effects on people’s wellbeing. This is key reading for anyone wishing to deconstruct the issues at stake when analysing how care and chronicity are entangled with multiple institutional, economic, and other circumstantial factors. How people access the available informal and formal resources as well as how they react to official diagnoses and decisions are important facets of the management of chronicity. In the arena of care, people with chronic conditions find themselves negotiating restrictions and handling issues of power and (inter)dependency in relationships of inequality and proximity. This is particularly relevant in current times, when care has given in to the lure of the market, and the possibility of living a long and fulfilling life has

been drastically reduced, transformed into a 'reward' for the few who have been deemed worthy of it.

Friday's Child Georgette Heyer, 2008-04-01 A lightsome, brightsome comedy. -Kirkus Reviews Nimble, light-hearted chronicle of high London society in the time of the Regency. -The New Yorker Georgette Heyer's sparkling romances have charmed and delighted millions of readers. Her characters brilliantly illuminate one of the most exciting and fascinating eras of English history-when drawing rooms sparkled with well-dressed nobility and romantic intrigues ruled the day. Heyer's heroines are smart and independent; her heroes are dashing noblemen who know how to handle a horse, fight a duel, or address a lady. And her sense of humor is legendary. When the incomparable Miss Milbourne spurns the impetuous Lord Sherington's marriage proposal (she laughs at him-laughs!) he vows to marry the next female he encounters, who happens to be the young, penniless Miss Hero Wantage, who has adored him all her life. Whisking her off to London, Sherry discovers there is no end to the scrapes his young, green bride can get into, and she discovers the excitement and glamorous social scene of the ton. Not until a deep misunderstanding erupts and Sherry almost loses his bride, does he plumb the depths of his own heart, and surprises himself with the love he finds there. Reading Georgette Heyer is the next best thing to reading Jane Austen. -Publishers Weekly Georgette Heyer (1902-1974) wrote over fifty novels, including Regency romances, mysteries, and historical fiction. She was known as the Queen of Regency romance, and was legendary for her research, historical accuracy, and her extraordinary plots and characterizations.

The Man Who Hated Women Amy Sohn, 2021-07-06 Smithsonian Magazine, 10 Best History Books of 2021 • Fascinating . . . Purity is in the mind of the beholder, but beware the man who vows to protect yours." —Margaret Talbot, The New Yorker Anthony Comstock, special agent to the U.S. Post Office, was one of the most important men in the lives of nineteenth-century women. His eponymous law, passed in 1873, penalized the mailing of contraception and obscenity with long sentences and steep fines. The word Comstockery came to connote repression and prudery. Between 1873 and Comstock's death in 1915, eight remarkable women were charged with violating state and federal Comstock laws. These "sex radicals" supported contraception, sexual education, gender equality, and women's right to pleasure. They took on the fearsome censor in explicit, personal writing, seeking to redefine work, family, marriage, and love for a bold new era. In *The Man Who Hated Women*, Amy Sohn tells the overlooked story of their valiant attempts to fight Comstock in court and in the press. They were publishers, writers, and doctors, and they included the first woman presidential candidate, Victoria C. Woodhull; the virgin sexologist Ida C. Craddock; and the anarchist Emma Goldman. In their willingness to oppose a monomaniac who viewed reproductive rights as a threat to the American family, the sex radicals paved the way for second-wave feminism. Risking imprisonment and death, they redefined birth control access as a civil liberty. *The Man Who Hated Women* brings these women's stories to vivid life, recounting their personal and romantic travails alongside their political battles. Without them, there would be no Pill, no Planned Parenthood, no *Roe v. Wade*. This is the forgotten history of the

women who waged war to control their bodies.

Pivot of the Universe Abbas Amanat,1997 In this book, the first in English about Nasir al-Din Shah, Abbas Amanat gives us both a biography of the man and an analysis of the institution of monarchy in modern Iran. Amanat poses a fundamental question: how did monarchy, the center-piece of an ancient political order, withstand and adjust to the challenges of modern times, both at home and abroad? Nasir al-Din Shah's life and career, his upbringing and personality, and his political conduct provide remarkable material for answering this question.

Advances in Signal Processing and Intelligent Recognition Systems Sabu M. Thampi,Rajesh M. Hegde,Sri Krishnan,Jayanta Mukhopadhyay,Vipin Chaudhary,Oge Marques,Selwyn Piramuthu,Juan M. Corchado,2020-04-30 This book constitutes the refereed proceedings of the 5th International Symposium on Advances in Signal Processing and Intelligent Recognition Systems, SIRS 2019, held in Trivandrum, India, in December 2019. The 19 revised full papers and 8 revised short papers presented were carefully reviewed and selected from 63 submissions. The papers cover wide research fields including information retrieval, human-computer interaction (HCI), information extraction, speech recognition.

The Clinical Use of Antipsychotic Plasma Levels Jonathan M. Meyer,Stephen M. Stahl,2021-09-02 Clinicians recognize that monitoring psychotropic levels provides invaluable information to optimize therapy and track treatment adherence, but they lack formal training specifically focused on the use of plasma antipsychotic levels for these purposes. As new technologies emerge to rapidly provide these results, the opportunity to integrate this information into clinical care will grow. This practical handbook clarifies confusing concepts in the literature on use of antipsychotic levels, providing clear explanations for the logic underlying clinically relevant concepts such as the therapeutic threshold and the point of futility, and how these apply to individual antipsychotics. It offers accessible information on the expected correlation between dosages and trough levels, and also provides a clear explanation of how to use antipsychotic levels for monitoring oral antipsychotic adherence, and methods to help clinicians differentiate between poor adherence and variations in drug metabolism. An essential resource for psychiatrists, psychiatric nurse practitioners, and mental health professionals worldwide.

100 Ways to Love Your Daughter Matt Jacobson,Lisa Jacobson,2020-05-05 You love your daughter-but that doesn't mean you always know the most effective ways to show that love, ways that will connect with her heart and stick with her no matter what life throws her way. This practical book by the authors of 100 Ways to Love Your Wife and 100 Ways to Love Your Husband gives you 100 specific, actionable ideas you can implement to show love to your daughter, no matter what age she is. The best part? The short, bite-sized readings make it easy to start right now! Whether you felt a lack of love growing up and long to do things differently with your own kids or you feel like you're constantly competing with the culture for your child's attention, these books will help you show your daughter that you care, helping you forge a bond of love that lasts a

lifetime.

Closing the Opportunity Gap Prudence L. Carter, Kevin G. Welner, 2013-04-26 While the achievement gap has dominated policy discussions over the past two decades, relatively little attention has been paid to a gap even more at odds with American ideals: the opportunity gap. Opportunity and achievement, while inextricably connected, are very different goals. Every American will not go to college, but every American should be given a fair chance to be prepared for college. In communities across the U.S., children lack the crucial resources and opportunities, inside and outside of schools that they need if they are to reach their potential. *Closing the Opportunity Gap* offers accessible, research-based essays written by top experts who highlight the discrepancies that exist in our public schools, focusing on how policy decisions and life circumstances conspire to create the opportunity gap that leads inexorably to stark achievement gaps. They also describe sensible policies grounded in evidence that can restore and enhance opportunities. Moving beyond conventional academic discourse, *Closing the Opportunity Gap* will spark vital new conversations about what schools, parents, educators, and policymakers can and should do to give all children a fair chance to thrive.

The 4-hour Chef Timothy Ferriss, 2012 Presents a practical but unusual guide to mastering food and cooking featuring recipes and cooking tricks from world-renowned chefs.

Calvinism in the Polish Lithuanian Commonwealth 1548-1648 Kazimierz Bem, 2020-05-11 This book offers an in-depth history of Calvinism in the Polish-Lithuanian Commonwealth 1548-1648. It traces the development of polity, liturgy, piety and church discipline. Bem questions the prevailing narrative of decline post 1570 and argues that the three Reformed Churches in fact continued to develop and flourish until the 1630s.

Golden Gates Conor Dougherty, 2020-02-18 A Time 100 Must-Read Book of 2020 • A New York Times Book Review Editors' Choice • California Book Award Silver Medal in Nonfiction • Finalist for The New York Public Library Helen Bernstein Book Award for Excellence in Journalism • Named a top 30 must-read Book of 2020 by the New York Post • Named one of the 10 Best Business Books of 2020 by Fortune • Named A Must-Read Book of 2020 by Apartment Therapy • Runner-Up General Nonfiction: San Francisco Book Festival • A Planetizen Top Urban Planning Book of 2020 • Shortlisted for the Goddard Riverside Stephan Russo Book Prize for Social Justice "Tells the story of housing in all its complexity." —NPR Spacious and affordable homes used to be the hallmark of American prosperity. Today, however, punishing rents and the increasingly prohibitive cost of ownership have turned housing into the foremost symbol of inequality and an economy gone wrong. Nowhere is this more visible than in the San Francisco Bay Area, where fleets of private buses ferry software engineers past the tarp-and-plywood shanties of the homeless. The adage that California is a glimpse of the nation's future has become a cautionary tale. With propulsive storytelling and ground-level reporting, New York Times journalist Conor Dougherty chronicles America's housing crisis from its West Coast epicenter, peeling back the decades of history and

economic forces that brought us here and taking readers inside the activist movements that have risen in tandem with housing costs.

Rereading America Gary Colombo,2007 Intended as a reader for writing and critical thinking courses, this volume presents a collection of writings promoting cultural diversity, encouraging readers to grapple with the real differences in perspectives that arise in our complex society.

The Book of Amazing History Publications International Ltd,2011 The Amazing Book of History is a 708-page collection of hundreds of articles, lists, quotes, and anecdotes that explore a lively range of human history, from the ancient world to the recent past to pop culture. The hardcover volume looks at history from an anything-goes perspective, with nearly 300 dynamic tales of people, places, and events. Its innovative approach and witty style should appeal to a wide range of readers.

Mage Renewed Diane Greenwood Muir,2020-10-23 Her prophesied time has come. Does she have the strength to save her people? Hester still doesn't believe she's destined to kill. But when returning companions bring news of dark forces assembling for war, the six-hundred-year-old mage may have little choice. Setting off on a treacherous quest through a brutal winter, she seeks allies against her sinister foe. Joining with the army of the deposed rightful king, the reluctant leader finds hope and warmth as her magic grows. But signs of the return of a long-banished evil portend the land may in fact be doomed. Can Hester use her new powers to vanquish the legions of terror? *Mage Renewed* is the captivating second book in the *Mage's Odyssey* epic fantasy series. If you like intriguing bands of heroes, high-stakes decisions, and character-driven missions, then you'll love Diane Greenwood Muir's bold tale. Buy *Mage Renewed* to strike a blow against darkness today!
