**Rachael Aprill Phillips**

*The Complete Guide to Affiliate Marketing on the Web* Bruce C. Brown, 2009 Affiliate marketing is a highly profitable online advertising method in which website merchants pay independent third parties to promote the products or services of an advertiser on their Web site. In other words, affiliate marketing involves posting a company's banner on your Web site or blog and attempting to send visitors to their Web site. If someone clicks on that banner or goes to that site and buys something, you will be paid a commission. While some affiliates pay only when a sale is made, some selling big ticket items like cars, credit cards, travel, and so forth have modified the model and pay for qualified leads. Affiliate marketing is now viewed as a key component of a company's online marketing strategy. Affiliate marketing is an advertising technique that originally was developed by Amazon.com. In this new book you will learn how to master the art and science behind affiliate marketing in a matter of hours. By investing a few dollars you can easily increase the number of visitors to your Web site and significantly increase sales. If you want to drive high quality, targeted traffic to your site, there is no better way than affiliate marketing. Since you only pay when a sale is made, your marketing dollars are being used more effectively and efficiently compared to any other advertising method. The keys to success in affiliate marketing are knowing what you are doing, devising a comprehensive and well-crafted advertising plan, and knowing the relationships between your website, search engines, PPC advertising, and campaign methodology. This groundbreaking and exhaustively researched new book will provide everything you need to know to get you started on generating high-volume, high quality leads. **Affiliate Manager Boot Camp** Shawn Collins, 2013-08-02 In *Affiliate Manager Boot Camp: Recruiting, Educating, and Retaining Affiliates*, author Shawn Collins presents a three-step approach for affiliate managers to recruit, educate, and retain affiliates in their affiliate programs. Drawing on his ten years of experience as an affiliate manager and his work as an affiliate marketer since 1997, Collins reveals a process for cultivating and maintaining relationships with affiliates. The book describes a method that focuses on quality over quantity when it comes to affiliates, and it recommends working side by side with affiliates as valuable partners in a mutually beneficial affiliation. *Affiliate Manager Boot Camp: Recruiting, Educating, and Retaining Affiliates* is not about the other nuts and bolts of starting and running an affiliate program. You won't learn about policing affiliates, setting budgets and projections, determining commission rates, etc. It's all about recruiting, educating, and retaining affiliates for a strong affiliate program. Collins' first affiliate management book, *Successful Affiliate Marketing for Merchants*, published in 2001, was dubbed the bible of affiliate marketing by *Revenue Magazine*. He also wrote the international best-selling *Extra Money Answer* in 2013, which was a step-by-step guide for creating an affiliate website.

**Strategic Affiliate Marketing** Simon Goldschmidt, Sven Junghagen, Uri Harris, 2003-01-01 Rather than arguing the rights and wrongs in absolute terms, this book presents a strategy for engaging in affiliate marketing. *Affiliate Manifesto - a Beginners Guide to Affiliate Marketing* Frances Covell, 2014-11-09 Affiliate marketing is a type of performance-based marketing in which a business rewards one or more affiliates for each visitor or customer brought by the affiliate's own marketing efforts. The industry has four core players: the merchant (also known as 'retailer' or 'brand'), the network (that contains offers for the affiliate to choose from and also takes care of the payments), the publisher (also known as 'the affiliate'), and the customer. The market has grown in complexity, resulting in the emergence of a secondary tier of players, including affiliate management agencies, super-affiliates and specialized third party vendors. Affiliate marketing overlaps with other Internet marketing methods to some degree, because affiliates often use regular advertising methods. Those methods include organic search engine optimization (SEO), paid search engine marketing (PPC - Pay Per Click), e-mail marketing, content marketing and in some sense display advertising. On the other hand, affiliates sometimes use less orthodox techniques, such as publishing reviews of products or services offered by a partner. Affiliate marketing is commonly confused with referral marketing, as both forms of marketing use third parties to drive sales to the retailer. However, both

are distinct forms of marketing and the main difference between them is that affiliate marketing relies purely on financial motivations to drive sales while referral marketing relies on trust and personal relationships to drive sales.

**Make Money Online - Online Affiliate Guide: Building an Online Cash Cow** Antony Barlow, 2012-07-01 Building an Online Cash Cow is a complete step by step guide to building multi passive revenue streams by means of building your very own authoritative brandable affiliate website. This book guides wannabe affiliates through their first year detailing the processes and techniques required from the initial niche research to on-site and off-site SEO. This book is not another get rich quick guide, nor a guide on how to create thin type affiliate websites that are currently suffering the wrath of Google. The aim of this book is to build a 1000+ page authoritative brandable affiliate website over the course of a year. The author has a proven record as a high earning online affiliate, working in the highly competitive UK online gambling niche. The book actually contains references from Pierrick Leveque, Head of Acquisition at Virgin Games and David Volovici, Head of Affiliates at Market-ace. Virgin Games Reference Pierrick Leveque, Head of Acquisition, Virgin Games Reference As founder

and first manager of Virgin Games Affiliates, I've known Tony since 2007 when he signed up to our newly launched in-house program. He's been one of our top earners every month ever since, but in the wider context of this book that's just ancillary; it's how he did it that matters. Starting off as a specialized Poker affiliate, he gradually shifted his focus towards the online Casino and online Bingo marketplaces. Not the easiest of migration: while under the same gambling umbrella, Poker, Casino and Bingo appeal to entirely distinct audiences; each requiring different tones and marketing techniques. I've worked with thousands of affiliates over the years and an overwhelming majority owe their continued success to sticking to what they know and do best. In little more than 2 years, Tony's drive, hard work, his ability to gauge a new market, adapt to it, then innovate within it, have allowed him to secure a significant share of traffic in two very competitive online sectors. At time of writing, one of his sites sits proudly in the top 5 UK online Bingo sites, amidst affiliate companies who have owned the space for the best part of 10 years. No mean feat. Without even reading the recipe book, one just needs to look at Tony's sites to understand there is something special going on there. This is an affiliate business built on content, clinical and innovative call-to-action, all supported by a highly structured underlying SEO mesh. These ingredients have been used and abused by online marketers for years, but it takes a special talent to stir up a blend elegant enough to shake an industry. I believe Tony has this talent. The techniques detailed in this book can actually be applied to any niche with minimal start-up costs. Build Your Very Own Online Cash Cow! This book details all the techniques required to build your very own Online Cash Cow from initial niche research, website structure to creating quality content that is Google PANDA friendly. The book also details how to create content that converts which is a skill many affiliates lack. The book guides wannabe affiliates through their first year detailing all techniques and processes required in a step by step manner.
