Dr. Neve Gordon, Nicola Perugini

Kennedy and Macmillan David Brandon Shields, 2006 The relationship between President John F. Kennedy and Prime Minister Harold Macmillan was a complex factor in the creation of Anglo-American foreign policies in the early 1960's. Kennedy and Macmillan offers a systematic account of this personal friendship and questions the impact of the relationship, in and of itself, on Cold War policymaking. Assessing the nature of this relationship contributes to a greater understanding of Anglo-American relations, and also provides a tool for understanding the complex nature of international diplomacy during the Cold War. This behind-the-scenes look at the decision-making process reveals the reality of the statecraft and personal diplomacy during the Cold War.

Human Shields Dr. Neve Gordon, Nicola Perugini, 2020-08-25 A chilling global history of the human shield phenomenon. From Syrian civilians locked in iron cages to veterans joining peaceful indigenous water protectors at the Standing Rock Sioux Reservation, from Sri Lanka to Iraq and from Yemen to the United States, human beings have been used as shields for protection, coercion, or deterrence. Over the past decade, human shields have also appeared with increasing frequency in antinuclear struggles, civil and environmental protests, and even computer games. The phenomenon, however, is by no means a new one. Describing the use of human shields in key historical and contemporary moments across the globe, Neve Gordon and Nicola Perugini demonstrate how the increasing weaponization of human beings has made the position of civilians trapped in theaters of violence more precarious and their lives more expendable. They show how the law facilitates the use of lethal violence against vulnerable people while portraying it as humane, but they also reveal how people can and do use their own vulnerability to resist violence and denounce forms of dehumanization. Ultimately, Human Shields unsettles our common ethical assumptions about violence and the law and urges us to imagine entirely new forms of humane politics.

Reality Hunger David Shields, 2010-02-23 A landmark book, "brilliant, thoughtful" (The Atlantic) and "raw and gorgeous" (LA Times), that fast-forwards the discussion of the central artistic issues of our time, from the bestselling author of *The Thing About Life Is That One Day You'll Be Dead*. Who owns ideas? How clear is the distinction between fiction and nonfiction? Has the velocity of digital culture rendered traditional modes obsolete? Exploring these and related questions, Shields orchestrates a chorus of voices, past and present, to reframe debates about the veracity of memoir and the relevance of the novel. He argues that our culture is obsessed with "reality," precisely because we experience hardly any, and urgently

calls for new forms that embody and convey the fractured nature of contemporary experience.

Provocateur Tyler Shields,2017-01-03 From peerless Los Angeles-based photographer Tyler Shields comes Provocateur, which brings together in a single lavish volume his most compelling works, including a series of retro-style glamour portraits, the acrobatic works that recall his youthful athleticism, his ethereally decadent Marie Antoinette-inspired visions, and a collection of rustic woodland scenes that serve as a backdrop for modern-day nymphs.

Southern Provisions David S. Shields, 2015-03-23 From grits to deep-fried okra, from barbecue to corn bread, Southern food stirs greater loyalty and passion than any American cuisine. Yet as the crops that once defined it have disappeared, much of the flavor has leached out of Southern cookery until today. Thanks to a community of devoted chefs and farmers, and one indefatigable historian, Southern heirloom greens and grains and with them America's greatest cuisine—are being revived. Searching the archives for evidence of how nineteenth-century farmers bred their enormous variety of vegetables and grains, and of their contemporaries' tastes and cooking practices, David S. Shields has become a key figure in the effort to reboot Southern cuisine. *Southern Provisions* draws on ten years of research and activism to tell the story of a quintessentially American cuisine that was all but forgotten, and the lessons that its restoration holds for the revival of regional cuisines across the country. Shields vividly evokes the connections between plants, plantations, growers, seed brokers, markets, vendors, cooks, and consumers. He shows how the distinctiveness of local ingredients arose from historical circumstances and a confluence of English, French Huguenot, West African, and Native American foodways. Shields emphasizes the Southern Lowcountry, from the peanut patches of Wilmington, North Carolina; to the Truck Farms of the Charleston Neck, South Carolina; to the sugar cane fields of the Georgia Sea Islands; to the citrus groves of Amelia Island, Florida. But the book also takes up the cuisine of New Orleans and other areas of the South and the nation, and even the West Indies. Offering a fascinating panorama of America's culinary past, *Southern Provisions* also shows how the renovation of traditional southern ingredients will enable cooks to take regional cuisine into the future.

Chesapeake Bay Cooking with John Shields John Shields, 2015-11 This twenty-fifth anniversary edition of John Shields's classic cookbook includes additional recipes and a new chapter on Chesapeake libations. Twenty-five years ago, *Chesapeake Bay Cooking with John Shields* introduced the world to the regional cuisine of the Mid-Atlantic. Nominated for a James Beard Award, the book was praised for its inspiring heritage recipes and its then-revolutionary emphasis on cooking with local and seasonal ingredients. Part history lesson, part travelogue, the book captured the unique character of the Chesapeake region and its people. In this anniversary edition, John Shields combines popular classic dishes with a host of unpublished recipes from his personal archives. Readers will learn how to prepare over 200 recipes from the Mid-Atlantic region, including panfried rockfish, roast mallard, beaten biscuits, oyster fritters, and Lady Baltimore cake. Best of all, they'll learn everything they need to know about crabs—the undisputed star of Chesapeake cuisine—featured here in

mouthwatering recipes for seven different kinds of crab cakes. Extensively updated, this edition includes a new chapter on Chesapeake libations, which features Shields's closely held recipe for his notorious Dirty Gertie, an authentic Chesapeake-style Bloody Mary.

Other People David Shields,2017-02-21 An intellectually thrilling and emotionally wrenching investigation of otherness: the need for one person to understand another person completely, the impossibility of any such absolute knowing, and the erotics of this separation. Can one person know another person? How do we live through other people? Is it possible to fill the gap between people? If not, can art fill that gap? Grappling with these questions, David Shields gives us a book that is something of a revelation: seventy-plus essays, written over the last thirty-five years, reconceived and recombined to form neither a miscellany nor a memoir but a sustained meditation on otherness. The book is divided into five sections: Men, Women, Athletes, Performers, Alter Egos. Whether he is writing about sexual desire or information sickness, George W. Bush or Kurt Cobain, women's eyeglasses or Greek tragedy, Howard Cosell or Bill Murray, the comedy of high school journalism or the agony of first love, Shields's sustained, piercing focus is on the multiplicity of perspectives informing any situation, on the irreducible log jam of human information, and on the possibilities, and impossibilities, for human connection.
